

# SCIENCE

## Chemistry Paper 2

11th June 2024

## Chemistry Paper 1

17th May 2024

### Preparation for GCSE exams

Targeted work will be set to aid the students recall of chemistry topics in the GCSE exams

### C12 The Earth's resources

What are the different types of resources that we use?

What is a life cycle assessment and why is it important?

### Year 11 Mock 1

Students will sit their first mock of year 11.

This is to prepare them for their terminal exams and pick up further areas that need greater revision.

### C9 Crude oil and Fuels

What are the different types of hydrocarbons?

How can we separate crude oil?

### Year 11 Mock 2

Students will sit their second mock of year 11.

This is to prepare them for their terminal exams and pick up further areas that need greater revision.

This exam will also give them a final predicted grade before preparing for their terminal exams.

### C11 Our Atmosphere

What gases make up our atmosphere?

How have these gases changed over time?

### C10 Chemical Analysis

How can scientists test for unknown chemicals?

How can you tests for different types of gas?

Year 11
