Chemistry Paper 2

11th June 2024

Chemistry Paper 1

17th May 2024

Year 11 Mock 2

Students will sit their second mock of year 11.

This is to prepare them for their terminal exams and pick up further areas that need greater revision.

This exam will also give them a final predicted

C14 The Earth's resources

What are the different types of resources that we use?

What is a life cycle assessment and why is it important?

C12 Chemical Analysis

How can scientists test for unknown chemicals?

How can you tests for different types of gas?

C10 Organic Chemistry

What products are formed when different types of hydrocarbon react?

Preparation for GCSE exams

Targeted work will be set to aid the students recall of chemistry topics in the GCSE exams

C15 Using Our Resources

How can you prevent corrosion?

What is the Haber Process?

C13 Our Atmosphere

What gases make up our atmosphere?

How have these gases changed over time?

C11 Polymers

What are polymers and how are they formed?
