Physics Paper 2

14th June 2024

Physics Paper 1

22nd May 2024

P16 Space

How are stars created and destroyed?

How do objects orbit the Earth in space? .

P14 Light

How do different colours of light interact with each other?

P12 Wave Properties

What are the different types of wave?

How do different types of wave travel through substances?

P10 Force and Motion

What is Newton's second law of motion?

How does force affect the extension of an object?

Year 11 Mock

Students will sit their second mock of year 11.

This is to prepare them for their terminal exams and pick up further areas that need greater revision.

This exam will also give them a final predicted grade before preparing for their terminal exams.

P15 Electromagnetism

How do magnetic fields differ with different types of magnet?

What is a solenoid?

P13 The Electromagnetic Spectrum (EMS)

What is the EMS?

What are the uses for different parts of the EMS?

P11 Force and pressure

How is force and gas pressure related?

Year 11
