

Townhill Infant School – Appendix for Disability and Equality policy and Accessibility plan.

Townhill Infant school is committed to ensuring any child with a disability is given equal access to the curriculum as outlined in our Disability and Equality policy and accessibility Plan.

Adjustments and adaptations are made to ensure fair and equal access.

The only exception to this would be any child who needs to use a wheelchair. Due to the nature of our building which has staircases inside the school cannot be DDA compliant for children who are wheelchair users.
