

We have been learning about place value and tens and ones.

We have learnt about the value of the digits in 2 digit numbers e.g. 15 has one ten and 5 ones.

26 has two tens and 6 ones.

We have also been learning to draw the jottings to represent two digit numbers e.g

Can you write how many tens and ones are in these numbers? Can you draw the jottings?

	tens	ones	jottings
17			
26			
35
