

Townhill Infant School

Children's Aims and Objectives for our School

Everyone will have the right to learn and not be distracted.

In our school our learning will be fun and interesting.

We will learn in different ways and we will use computers to help us.

Our school will be a happy, fun place to be.

In our school everyone will be polite, use good manners and have sensible behaviour.

In our school everybody will feel safe and sound.

Everyone will work together as a team.

We will keep the school golden rules.

We will listen to one another and take notice of what is said.

Our teachers are the best and will be kind, polite, happy and helpful to us.

We will be rewarded for doing good work and for good behaviour.

Our classrooms will be tidy, clean and colourful.

Our work will be displayed because it makes us happy and proud.

We will help look after the environment and be an eco friendly school.
