## Friday 5th March 2021

Firstly may I say how much I am looking forward to welcoming everyone back on Monday 8th March and I know all your teachers are too! Please read all the lovely comments on this week's newsletter.

I think you will all agree that World Book Day was a great success. It was fantastic to hear everyone joining in with our special guest from the Just Imagine Theatre and having so much fun! Well done to our masked readers, did you guess which teachers were hiding behind their masks? What a great way to end blended learning.

Please make sure that you have read the information regarding returning to school before Monday morning (the key points are attached to this newsletter).

Thank you, as always, for your continued support.  
Mrs Stinchon

## Trawden Forest Science Fair 2021

We are once again holding our annual Science Fair in support of British Science Week. The theme this year is **INNOVATING FOR THE FUTURE**. You can choose any topic linked to something that will benefit the planet in the future ie forces, weather, protecting animals, environment, health.

As with everything we have done this year we have done it a bit differently, therefore... **YOUR PROJECT SHOULD BE COMPLETED AT HOME AND MADE INTO A VIDEO - which should be uploaded onto seesaw.**

Science Fair entry:- children must complete a test, survey, or experiment using something that will benefit the planet in the future. They should ensure they are interested as it could take many days to complete. This is a home project, therefore it will need to all be completed out of school before our Science Fair.

Submit videos on Seesaw by **Thurs 11th March.**

Judging is on **Fri 12th March.**

Winners announced on **Mon 15th March.**
