### Hope

Hi Good Morning,  
I am up and not snoring,  
7 AM, out of bed,  
With thoughts of school in my head.

Focus, I said,  
It's time to zoom with class 6,  
We cannot mix.  
But we are in a better state,  
With Mrs Clark, we can create.

There are good things to come,  
When covid's done,  
English, Maths, Reading too,  
Follow instructions and we'll get through,  
The world is changing,  
And we can too.

Dear mum  
Hope you are  
all right, I am  
missing you and  
thinking about  
you every day.  
I'm living in a  
little town by the  
sea in Devon.  
I'm living in a light  
-house I have seen  
planes flying over  
they are very  
noisy.  
Lots of love

year 3, I got everyone' friend award and the friend and always try my hardest. In dancing, I got the ballet award in yr 6, the contemporary award in yr 5, the all round award in yr 4 and the same in yr 3. In swimming, I have achieved a mile. This shows I have a lot of energy and love to take part in events. In gymnastics, I have achieved all of the awards. Finally, in acrobatics, I have done my level 1,2 and 3 exams and achieved the highest mark - Distinction.

### Achievements

One of my duties at school was to water plants. I enjoyed doing this because I am interested in nature, and helped to look after a wild hedgehog at home after we found it underweight and ill. As a family we nursed it back to health, even giving it daily injections for a week.

I have received trophies for trampolining, when I have taken part in competitions. I have also taken part in activities on holiday which I have won awards for.

In lockdown I helped my family plant lots of vegetables and fruit trees, which we later picked and enjoyed for our meals. I also helped upcycle an old pair of ladders to make into a planter.

My hobbies  
I've changed a football court into a trophy by using my football kit.  
I've also put a statue of what a different job would look like into my room.  
I've also made for the school year and I've been getting all sorts of things from the school.  
In both and English I've been doing a lot of work.

My hobbies  
I like playing my PS4  
Spending time with family and friends  
Reading  
Watching TV  
Golfing at home

make a post and use carbon from the bit to support the corner and also in

1. Because when they were to transfer they were getting bombed but now because we have the fulltime, which is when they are, to look back
2. In the bit of script "I wanted Cliff and we don't to each other, it was also a big part though Cliff was young really"
3. Because the Gorman say they'd be quite themselves to the bigger ones
4. Because reacta by showing make it the place I did not expect. I did because America didn't seem aggressive in the story until then
5. Because Cliff is younger and don't understand the dangers
6. Amazed or shocked because further is now but a right feel for stuff
