Year 5 Maple Class – Ancient Greece

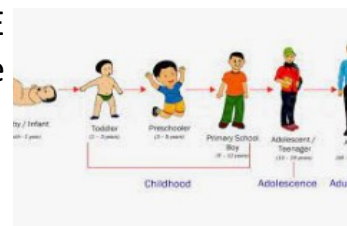

This half term we will be learning about Ancient Greece, a much anticipated history topic! We will make and have a **Greek Day** to bring together all of the aspects of the Greek civilization on **Thursday 23rd May**. We will have **Forest School**

sessions on **Monday 15th May** and **Monday 22nd May** where we will use our whittling and cutting skills to create weapons. We will also learn about the growth and change in animals and

humans throughout their life cycles within Science, which will bring in the RSE (Relationships and Sex education) aspects of our curriculum. A further letter with information and permission slip will follow via Parentmail. **PE is on a Thursday**, and as it will be athletics, please can you ensure your child has their PE kit with pumps and trainers in school on the day.

In maths we will be learning about the links between fractions, decimals and percentages. We will explore statistics and further our

understanding of written multiplication. In English we will write a detailed timeline of Ancient

Greece as well as studying Greek myths.

We will be inviting you in for our **Coronation celebrations on Friday 5th May**, where we will enjoy making and flying kites as well as afternoon tea - two special events this half term.

Reminders: Please make sure all clothing and water bottles are clearly labelled with your child's name.

Please can we also remind you that we are a healthy school and that morning snacks of fruit and breakfast/fruit bars are great for morning break time.

Thank you for your continued support, Mrs Dixon, Miss Gallagher and Mr Horner.
