Class News Monday 29th March 2021

Year 4

Maths – This week the children will complete an end of term Maths assessment. The lessons will focus on the paper and any wholeclass gaps that are identified. If there is time, Year 4 will start the number facts module.

English – This week the children will write one final playscript, independently. They will then have time to practise and perform some of their plays.

Foundation – This week we will continue with our rivers topic; this will extend into the new term. In Science the children will investigate insulators and conductors. They will create their own switch to add to an electrical circuit. During PE this week we will play tag rugby. I am also hoping there will be some time for Easter art.

Homework

Reading books will go home on Monday with the new colour spelling lists. The colour spellings will not be tested for several weeks as class spelling lists will resume after the Easter holidays. Children are encouraged to read as much as possible over Easter. Children who bring in book reviews (written or typed) will receive golden points.

It has been an absolute pleasure to be back in the classroom with your children. I hope you all have a relaxing Easter break and I look forward to starting a full term, in school, with Year 4 and making their final TSS weeks memorable.

Kind Regards,

Mrs Helen Dewar
