Class News Monday 16th November 2020

Year 4

Maths – Our focus, this week, will be measure. This will be a very practical week with a class task/investigation involving measuring the playground for a trim trail. In the classroom the children will work on finding the perimeter.

English – We will start the week with comprehension work – inference and retrieval. During the week the children will add to their lighthouse story. They will try to explain how a character feels by describing the character’s actions and appearance.

Foundation – the children are producing a nativity picture in art as part of an art competition linked to the local church. In RE we are looking at symbols and what they mean to us. The class have created their own special symbol for their family and one for the class. In our ‘Healthy Mind’ session, the children are considering who they rely on in their support network, who helps them and who they can talk to

Homework

Times tables homework will go home on Monday and must be returned by Thursday. Times tables are tested each Thursday. Weekly spellings are introduced each Friday and tested the following Friday. The spellings are listed below:

- vein
- weigh
- eight
- neighbour
- they
- obey
- possible
- potatoes
- pressure

Other news:

We are lucky to have a lovely dance teacher visit the school to teach dance each week. She has commented that the children are the most enthusiastic and well behaved Year 4 class she has ever taught. Mrs Helen Dewar
