Class News Monday 7th June 2021

Year 4

Maths - This week we will focus on graphs. Lessons will be linked to our spreadsheet work in computing.

English – The children will be writing biographies this term as well as recapping the grammar and punctuation work covered this year.

Foundation - In French the children will learn the names of key festivals and recap numbers and months. In Science the children will be starting their living things topic. Art will focus on making props for the play. In History we will continue our Romans topic.

Spellings

The children will **not** have a spelling test this Friday. On Friday the children will be given the following spelling words to learn:

science, scene, discipline, fascinate, crescent, thought, through, various

The children will be tested on these words on Friday 18th June. Those children who have spellings with Mrs Doran will be given their new spelling words on Wednesday this week. Mrs Doran's spelling group do not have to learn the class spellings as well, unless they want to.

Homework

I would like the children to continue to focus on learning their lines for the play. Reading daily with an adult and completing timestables

activities are all recommended. Spellings will be given out on Friday 11th ready for a test on Friday 18th.

Multiplication Tables Check

The children will complete the Government Multiplication Tables Check this week. The online test consists of 25 timestables questions. The children have all become familiar with the test, which they have been able to practise regularly in the classroom. The results will not be published as the test is optional due to Covid.

Ufton Court

The children will be putting together an Ufton Court Assembly so that we can share the day with you. More details to follow.

Kind Regards,

Mrs Helen Dewar
