Class News Monday 28th March 2022

Year 4

Maths – Having completed the PUMA (Maths Assessment) last week we will return to our Multiplication and Division topic. The children are focussing on the Maths language: multiplication equation, distributive law, commutative law, product, factor pairs, dividend, divisor and quotient. Please ask your child about these words.

English – In English we will start to plan and write our playscripts.

Spellings:

invention, injection, action, hesitation, completion, pressure, probably, promise

Foundation – The children have started to plan their perfect pizza. We will be making our pizza in the final week of term. Thank you for returning the £2 so promptly. In Dance we are in the final stages of rehearsal for the Dance Festival. I have asked the children to bring in their House T-shirts this week.

In Science we are learning about the different teeth we have and their role.

Homework

The children have a maths sheet and weekly spellings.

Finally

I have given the dance festival tickets to the children. There are still a few families who haven't asked/paid for a ticket. Please contact the office if you would like a ticket. It is one ticket per family.

Kind Regards,

Mrs Helen Dewar
