

Maths week beginning June 1

Monday

Today we are looking at symmetrical patterns. Look at the sheet which starts with an explanation and then has differentiated activities.

<https://www.bbc.co.uk/bitesize/topics/zrhp34j/articles/z8t72p3>

Tuesday

Today we are looking at lines of symmetry. This is a similar format to yesterday's lesson.

Wednesday

2Do on lines of symmetry on Purple Mash

Look at powerpoint which goes through lines of symmetry questions and shows you the answers.

Then do the fluency sheet – remember these are in 3 levels. Developing/Expected/Greater depth

Thursday

Have a go at the Reasoning and Problem Solving sheet. Remember the 3 levels.

Friday

Have a go at the drawing reflections sheet. You will have to print this off. If you can't print off, try to find some squared paper and create your own reflected shape over a line of reflection.
