

[Bing Videos](#) Harvest song

Homegrown celery and apple trees
Growing on the farm, growing on the farm
Carrots, onions, parsnips too
Farmers grow them all for you
We could get used to this

Time flies by when you're growing your greens
Cabbages, brussel sprouts and broad beans
There's a carrot top that I'm dreaming of
If you need me you know where I'll be

I'll be driving tractors
Underneath the hot sun
Now that harvest time has come x2

Home grown new potatoes, red tomatoes
Growing broccoli, or an aubergine
All the crops the farmers grow
They are good for you, you know
We could get used to this

Time flies by when you're growing your greens
Cabbages, brussel sprouts and broad beans
There's a carrot top that I'm dreaming of
If you need me you know where I'll be

I'll be driving tractors
Underneath the hot sun
Now that harvest time has come x2

Let's start a new trend
And enjoy them with friends
We can share what we grow
And never look back, back, back...

(Share the harvest)

Time flies by when you're growing your greens
Cabbages, brussel sprouts and broad beans
You will grow up strong if you eat 5 a day
So come on and enjoy lots of peas

Riding tractors is fun
Underneath the hot sun
Now that harvest time has come x2
