Maths

This week we will be recognising and naming 3d shapes – cube, cuboid, sphere, pyramid and cone.

What can you do at home?

1. Please help your child practise the sounds and make sure the sound book is in their book bag the following Thursday so the new sounds can be stuck in.
2. Practise reading the tricky words we have covered. Mini flashcards are at the back of your child's sound book and you can look for the tricky words in books.
3. **Please listen to/read with your child and make comments in the reading record each time you read together.** Please keep this in their book bags each day as we regularly check these and update them once we have allocated a new reading book. Ideally your child should be reading with you five times a week, including practising their word box if they have one.
4. Keep practising name writing using the school script and other letters.
5. Recognise and name 3d shape around the home and the outside environment.

★**Please send in the money for buying a stamp at the post office by Wednesday.**

★Please ensure that your child has a named water bottle in school every day.

★If you provide a snack for your child, please make sure it is healthy. Your child will not be allowed to eat crisps, cakes or biscuits.

★If you have any cardboard boxes (flat packed), yogurt pots, corks newspaper please send them in.

★ **Post office resources-** If anyone has any spare stationery- cards, envelopes, postcards etc., please send them in. Also, please can you collect used birthday cards and send in just the front picture. We will reuse them and make them into 'new' cards. Thank you.
