Class News Monday 11th May 2021

Year 3

Please ask your child if they have everything they need in their pencil case. Many children are short of something that they need. They should have: glue, several pencils, safety scissors, coloured pencils, a ruler, a rubber, pencil sharpener and black white board pens.

Homework this week:

We will be focussing on spelling, reading and learning times tables for homework.

Spellings:

Cheetah group: star colour spelling list

Lion group: star colour spelling list

Tiger group: alternative 'or' sounds

They will be tested on Friday.

TTRockstars: 30 minutes total completed as 15 x 2minute games. Please do not alter the length of the games as this has an effect on the data collected. Try to do a few games every day as this greatly increases the likelihood of committing the facts to the long term memory bank.

Reading: New reading books will be provided on Monday and should be returned on Thursday mornings as before.

Our learning this week:

Maths – We will now move onto multiplication and division. We will be multiplying 2-digit numbers by 1 digit numbers using the grid method and using multiplication facts to divide.

English – This week we will be continuing to convert a well-known traditional tale into a play script. We have planned each scene and will write a description of the setting before writing the dialogue and adding stage directions.

Foundation subjects – Our science lesson will look at how rocks are formed. In RE we are looking at how Sikhs share through 'seva' – service to others in the context of the Vaisakhi festival. Mr Murray will be here on Tuesday for another trombone lesson. In our computing lesson we will be continuing to learn to use spread sheets. In Geography we will look at the structure of volcanoes. In Art we will be looking at collage and the artist Beatriz Milhazes.

Do get in touch if I can be of any help in any way.
