## **Class News Monday 11th May 2021**

### **Year 3**

#### **Year 3 & 4 Cross-country event 25<sup>th</sup> May**

We will be taking both classes to compete in a Windsor Sports Partnership event on Tuesday 25<sup>th</sup> May where they will run 600m twice. Each school has their own time slot on the field so there will be no mixing of schools and bubbles. Unfortunately spectators are not allowed. The results will be collated over the day and winners notified later that week. Please make sure your child has their full PE kit in school on that day and a warm/waterproof coat with them – or a hat/sun cream if the weather improves!

#### **Homework this week:**

**We will be focussing on spelling, reading and learning times tables for homework.**

#### **Spellings:**

Cheetah and Lion groups: Exceptions – words ending in –le change to –ly, also truly and duly

Tiger group: alternative ‘ure’ sounds

They will be tested on Friday.

**TTRockstars:** 30 minutes total completed as 15 x 2minute games. Please do not alter the length of the games as this has an effect on the data collected. Try to do a few games every day as this greatly increases the likelihood of committing the facts to the long term memory bank.

**Reading:** New reading books will be provided on Monday and should be returned on Thursday mornings as before.

### **Our learning this week:**

**Maths** – We are continuing with multiplication and division. We are working on dividing numbers using our times table facts and will look at calculations with remainders. We are using number lines to help and will not move onto ‘bus stop’ division until Year 4.

**English** – This week we are finishing the writing of our play script and will edit them having acted them out to help us make any changes to content. We will also look at the grammar of exclamations.

**Foundation subjects** – Our science lesson will look at igneous, sedimentary and igneous rocks. In RE we are looking the Guru Granth Sahib, the Holy book of the Sikhs, and the instruction to share. Mr Murray will be here on Tuesday for another trombone lesson. In our computing lesson we will be looking at internet safety. In Geography we will look at the effects of volcanic eruptions and look at why people live near them. In Art we will be continuing to make our sea themed collage.

Do send me an email if there is anything you need further information about.
