Class News Monday 15th November 2021

Year 4

Maths – In Maths we have started fractions.

English – Our focus in English will continue to be story telling.

Foundation – In History we will investigate where the Angles, Saxons and Jutes chose to settle. In Science the children will build and draw simple circuits and learn about the flow of electrons around the circuit. In DT the children will start to create their Anglo Saxon houses with a focus on accurate use of protractors.

Homework

The children have multiplication homework. This should be a twenty minute homework and does not need to be finished. Homework should be handed in by Wednesday each week. Spellings will be tested on Friday and books changed on Wednesday.

Finally

The children will have their mini first aid course on Wednesday this week. They will attend the course in groups of 15, during the school day.

Kind Regards,

Mrs Helen Dewar
