Class News Monday 8th November 2021

Year 4

Maths – This week we will focus on multiplication before starting fractions. There will be a short fractions homework, coming home on Friday.

English – The children will continue to build their story writing skills. They have been given their weekly spellings in their homework folders. These will be tested on Friday:

- vein
- weigh
- eight
- neighbour
- they
- obey
- possible
- potatoes
- pressure

Foundation – In RE the children are designing a symbol that represents their family. This links to this term's work on Christianity and the symbols associated with Christianity and Christmas. This week we will look at colour mixing in Art and begin our DT project by creating nets and building our 3D shapes. In Science the children will make simple circuits to light a bulb.

Homework

Homework was sent home on Friday and should be returned by Wednesday. Don't forget to return reading logs and reading books on Wednesdays.

Finally

Poppies will be on sale in the classroom this week and the Year 4 children will take part in a short Service of Remembrance on Thursday, in the school playground.
