

# Isolation Class News Year 4

Friday 18<sup>th</sup> December 2020

Good Morning Year 4,

Aristotle has arrived - there is a picture on the powerpoint!

What a busy morning! The pixies managed to delete some of the work I had prepared and so I have been trying to fix things. I like to record my voice onto power points when the house is empty and quiet, unfortunately I had to re-record my voice this morning. Mr Dewar kept blowing his nose and sneezing, just as I pressed record. I had to start again and again and again.

The work for today:

- A consolidation Maths sheet which covers place value. Ignore page 1, give it a go and then check the answers on the final page.
- An acrostic poem activity.
- An Anglo Saxon History activity.

I will be judging the 3D Christmas Decoration Competition later today. There is still time to enter.

Please ask your parents to email any work that you do, I love seeing it!

Mrs Dewar

Yesterday's step-count 6759.
