Provider Access Policy

Introduction

The Twyford Trust aims to provide excellent information, advice and guidance to its students, enabling them to make the right progression choices at each stage of their education. The Trust is committed to complying in full with its obligations in this area under Education Act and associated regulations as set out in the following DfE document:

This policy statement sets out the school's arrangements for managing the access of providers to pupils at Trust schools for the purpose of giving them information about the provider's education or training offer as required in Section 42B of the Education Act 1997.

Pupil Entitlement

All pupils in years 8-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a pastoral programme with specific IAG elements which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.
