

Year 11 University Challenge

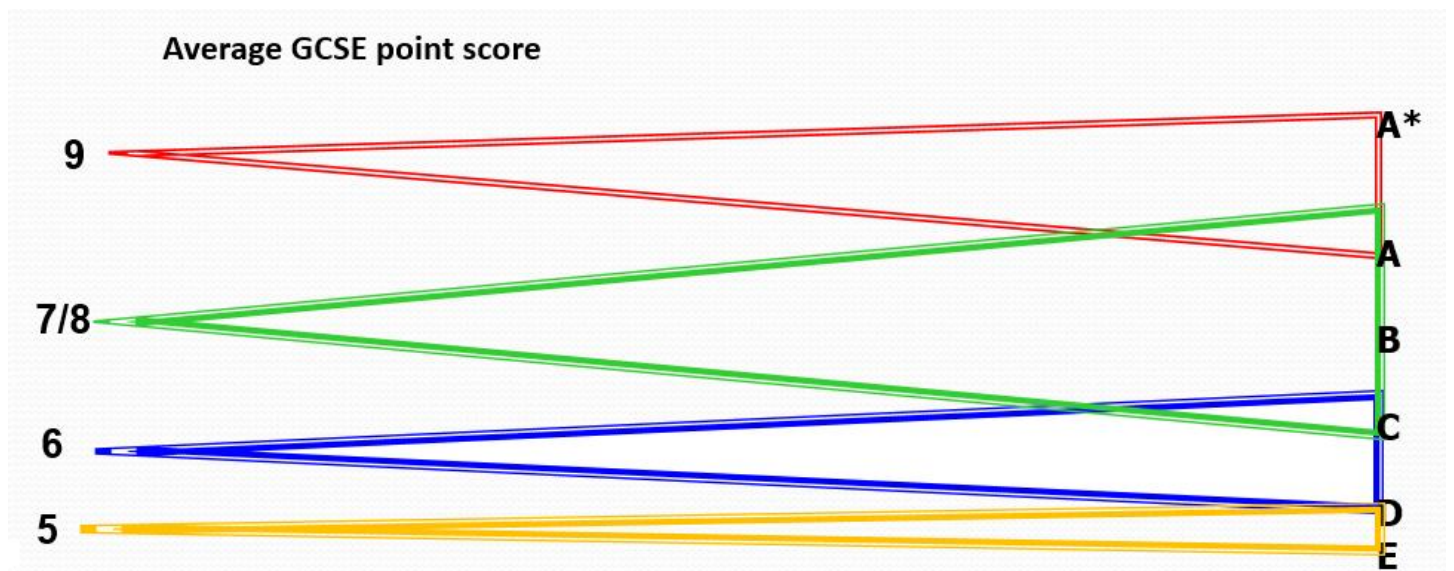

In preparation for your 6th Form IAG meeting, please undertake the following research task.

First:

- 1) Look at your Q1 grades ... Which are your strongest? Which Post 16 courses are you **likely to be able to** follow next year?

- 2) Now look at the projection chart. It shows the range of A level grades that students get nationally from different GCSE average point scores. What Average GCSE grade are you likely to get currently and as a result what A level grades might you expect to get if you continue to work at this pace?

Current GCSE average grade

Likely A level outcomes

Research Task

Use the Websites below to research 3 courses which you would be eligible & interested to applying for

www.ucas.com this site has every degree course in the country listed. You will find information on everything you need to know, from entry requirements to course content. The site also links to all the university websites.

www.theuniguide.co.uk this is a great site which provides comprehensive and high-quality information about degree courses, universities, entry requirements and more.

www.studyin-uk.com/uk-study-info/teaching-excellence-framework The Teaching Excellence Framework is a good place to compare university courses and institutions.

www.apprenticeships.org.uk the government apprenticeships site will be of interest to you if you might be looking for work after your GCSEs or A levels. This site has comprehensive information on the wide range of apprenticeships on offer, including current vacancies. If you want some ideas about careers that might suit you, then this site is a good starting point:

www.thecompleteuniversityguide.co.uk/student-advice/what-to-study/art-and-design-foundation-diplomas Art foundation courses are a popular route after A levels. Find out more about these on the link.

Outcomes of search:

Course 1
