SCOTT BROWNRIGG⁺

Scott Brownrigg

Virtual Insight into Architecture

7th – 10th April 2026

Application Deadline: 10th March 2026

Open to Year 10 – 13 Students

Our online work experience programme is ideal if you can't travel to our studios or simply want to explore architecture from home.

Our online work experience gives students a taste of what it's like working in an architectural practice. Our experienced architects, guide students through a series of group and individual projects, where they can learn and apply a range of design skills such as 3D modelling, architectural drawing and portfolio presentation skills. Additionally, in virtual classrooms students get to meet various members of the practice who give talks on life in practice, the design process, university applications, the architectural career path and sustainability in the construction industry.

CREATIVE COMPETITION

Experience/Competition

OPEN TO
ALL YEAR GROUPS

The Academy of Real Assets Creative Competition Deadline: 27th March 2026

Open to All Students

The Academy of Real Assets' Annual Creative Competition happens each academic year. It's designed to inspire students across the UK to think creatively about real estate, real assets, the built environment, and the future of our communities.

This year, we're asking you to respond to the prompt: "My Favourite Building..." Whether it's a famous landmark, a holiday memory, or a hidden gem in your neighbourhood, tell us why it's special to you.

Why Should I Enter?

- To see your work published: winning entries will be featured in a beautifully designed hardback book, distributed to schools, employers, and universities across the UK.
- To be celebrated: join us at a London launch event in July to celebrate your achievement with your peers, family, friends, and teachers.
- To network with professionals: meet and connect with industry experts at the launch event, learn about the huge range of careers in real estate and real assets and explore your future opportunities.

APPLY HERE

MY FAVOURITE
BUILDING...

MY FAVOURITE
BUILDING...

Calling all Students - Share Your Favourite Building!

Whether it's a famous landmark, or a hidden gem in your city enter The Academy of Real Assets' 2026 Creative Competition and tell us why it's special to you.

You can submit an essay, a poem, artwork, a film, or a photo. We'll publish the winning entries in a hardback book, online, and invite you to an exclusive celebration ceremony in London.

Submit your entry by 27 March 2026
Visit acadrealassets.com/competition to enter.

Open to UK students only.

DIGITAL SKILLS

Skills Programme/Workshops

OPEN TO
YR 11 to 13

EDT - Industrial Cadets Digital Skills in the Workplace Programme February – 9th March (Flexible)

Open to Year 11 - 13 Students

EDT and Industrial Cadets Digital Skills in the Workplace programme is a fully funded online opportunity designed to help students build the digital skills employers look for — and strengthen their CV at the same time

By taking part, students will:

- Build practical digital skills for the workplace
- Work with professionals in digital and tech-enabled roles
- Complete a mentored project you can talk about in applications
- Stand out from the crowd when applying for jobs – this course sets students apart from other young people!
- Achieve a Silver Industrial Cadet Award — a nationally recognised award valued by employers and universities

EDUCATION & CHILDCARE

INVESTMENT MANAGEMENT

Apprenticeships

OPEN TO
SIXTH FORMERS

Young Professionals – Fidelity International Investment & Wealth Management Apprenticeships Wednesday 18th February 2026

Open to Sixth Form Students

We're inviting students and their parents or carers to join an exclusive webinar with Fidelity International, offering a clear and honest insight into careers within the investment management industry.

This session is designed to help students and parents/carers feel informed, confident, and supported when making important early-career decisions.

By joining the webinar, you will gain a realistic insight into careers within the investment and management industry and learn about the fidelity international apprenticeship programmes, including how they work, the qualification gained and the long-term career pathways.

You will also hear directly from Fidelity head of early careers about what they look for in applicants. Listen to current apprentices share their experiences, day to day responsibilities and honest advice, as well as guidance and insight into the application process, key stages and what to expect at each step.

The clue is in the name. We work together for a better London. A better place for everyone. Constantly improving and enhancing how we operate and shaping the future of our city.

Connecting people, communities, places and opportunities, TfL is a great place to work. A place where diverse talent can thrive, and everyone is proud to play their part in a greener, more vibrant city. Millions of people rely on our networks for business, leisure and everyday life. But we do much more than simply getting people from A to B. And we do more than tubes and trains.

We're responsible for the roads and bridges that weave across the city. For the buildings, developments and infrastructure that inhabit the streets. For the world-leading tech solutions and the innovative people management too. When we say we take care of everything we mean it. It's these areas, the ones operating behind the scenes, that help keep London moving. Here you can thrive, belong and be yourself in a place that cares about our colleagues, our customers and our work.

TfL is a place that's open to your ideas. Where you can make a tangible impact and see the positive results of your work on the people and places around you. It's a place where you can thrive and achieve. Where you're encouraged, enabled and empowered to feel pride in the work you do.

Our vision and values define our ambitions for a sustainable, green future and a more inclusive, dynamic and democratic place to work.

THE CAREERS & ENTERPRISE COMPANY

The Sixth Formers Guide Careers Resources

Open to All Students

The Sixth Formers' Guide to Degree Apprenticeships is the new A-Z guide to degree apprenticeship employers in the UK. Produced in partnership with The Careers & Enterprise Company and the Department for Education, the guide explains how degree apprenticeships offer a work-led, debt-free route to a university degree and a graduate job.

It features inspiring interviews with degree apprentices working in different industries & sectors, expert guidance from degree apprenticeship employers, and showcases many of the top degree apprenticeship programmes available in 2025.

2026 EDITION

The Sixth Formers' Guide Degree Apprenticeships

Over 3,500 degree apprenticeships available for students leaving school or sixth form college in the summer of 2026.

SUSTAINABILITY

Green Careers/Issues podcast

OPEN TO
ALL YEAR GROUPS

The Green Edge Podcast

Open to All Students

The Green Edge was launched in 2021 to collate, review and synthesise the fast-expanding array of green workforce and skills reports emerging from across the UK economy and internationally. It has since become a comprehensive and up to date source for green jobs and skills-related publications in the UK.

The Green Edge is co-authored and produced by Dr. Michael Cross and Fraser Harper. Previously, Michael and Fraser co-founded and ran Blue Mirror Insights, a boutique skills consultancy established in 2017 to support technical and vocational training (TVET) development projects for clients in the UK and the Middle East. Through their work with Blue Mirror Insights, Michael and Fraser found their interests moving more towards the field of skills discovery for sustainability and the environment, and this became a key driver for the creation of The Green Edge.

Through the lens of green jobs and skills, Michael and Fraser are close watchers of all aspects of the green economy and the UK's progression towards Net Zero. To support the online Green Edge newsletter and podcast series they examine the green economy at many levels, from international and government policy, through local delegation and action, to individual stories at company and even personal levels. They often liken it to 'turning over stones in the green river'.

Ada, the National College for Digital Skills T – Level Presentation

Open to All Students

Ada, the National College for Digital Skills have just released an informative video that takes a deep-dive to demystify T Levels for students and parents/carers. They explain how a T Level compares to a traditional A Level, or how it prepares a young person for the tech industry, this is a must watch.

Tackling topics such as how a T Level carries the same UCAS points as three A-Levels (up to 168/D*) and how learning and assessment works in a T level. Hear from their students about what T Level placements are like, how their students are overachieving against the national average (A-A* attainment).

University of Sheffield

University Sheffield Presentations & Workshop Schedule

Open to Sixth Form Students

We are delighted to offer a variety of academic sessions which range from providing students with an introduction to subject areas, an insight into lectures here at Sheffield, right through to interactive activities to inspire students to consider their options.

Sessions can predominantly be delivered online, or there may be opportunities for us to visit you and deliver in the classroom, as well as the chance for students to complete these sessions as part of a visit to our fantastic campus.

The below will give you a flavour of what is on offer, if you are interested in finding out more, please contact your dedicated regional officer who will be able to provide the full list of sessions available along with the description and booking details.
