Running Trainers

We understand that people have different feet sizes and shapes, therefore need a specific size, brand and shaped shoe. We do however ask that trainers need to be predominantly white, and suitable for running. We ask for white trainers as they are a common and a universal colour and available in many different shoe brands. We ask for running trainers as this style offers a good level of support for a variety of different sports. Please keep receipt on purchase of the trainers if you think they might be in breach of the given guidance.
