

Project Management Methodologies

Task 1

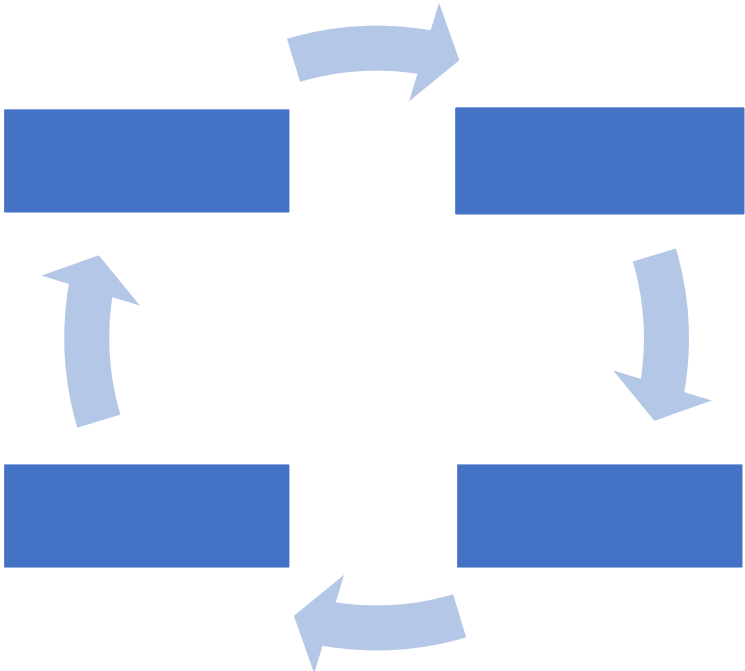

What is a project management methodology and why do we use them?

Task 2

(a) Label the stages of the waterfall model project management methodology diagram below.

(b) Label the stages of the agile model project management methodology diagram below.

Task 3

Sometimes it is better to use the waterfall model and sometimes it's better to use the agile model. In the table below identify a benefit and drawback of these models, as well as the type of project you'll use it with.

	Waterfall	Agile
Benefit		
Drawback		
Use
