

A survey of the heights of 100 Year 11 students was conducted with the results in the table below. Draw a histogram of this data.

Height (x cm)	Frequency
$100 < x \leq 120$	20
$120 < x \leq 140$	25
$140 < x \leq 150$	25
$150 < x \leq 160$	20
$160 < x \leq 200$	10
