

Impact of Modern Technology on Individuals

Task 1

(a) Below are four statements regarding the impact of modern technology on how and where individuals work. Identify which statements are true and which are false.

	True	False
1. Working from home requires self-discipline to not be distracted from work.	<input type="checkbox"/>	<input type="checkbox"/>
2. Most employees prefer to work at an office rather than at home.	<input type="checkbox"/>	<input type="checkbox"/>
3. Employees being allowed to use their own devices can encourage them to work out of office hours.	<input type="checkbox"/>	<input type="checkbox"/>
4. Tools that support working from home include Video Conferencing & Cloud Computing.	<input type="checkbox"/>	<input type="checkbox"/>

(b) Modern technology allows individuals to work from home more easily. This benefits both the business and the individual employees. Identify two benefits to the business and two benefits to the employee.

Business	Employee

(c) What is a BYOD policy?

(d) Ayesha runs a drinks company and is considering implementing a BYOD policy in the business to encourage employees to use their own devices. Discuss the pros and cons of this with regards to her business and her employees.
