Remembrance

On Friday 11th November, Governors, students and staff at the school gathered to reflect upon the horrors of conflict and think about the global suffering caused by war. They also acknowledged 100 years since the Battle of the Somme in 1916.

After a special assembly, invited guests joined Headteacher Helen Johnson and Senior Prefects in a private ceremony at the honours board in the school reception area. The boards acknowledge and remember former Park High School and Rock Ferry High School students who gave their lives in the Second World War.

Mrs Johnson said "This event is always very special and it is so important for us all that we remember those former students who gave their lives away in war"

Letter of thanks

11th October 2016

Dear Mr. Johnson,

I wish to thank you for a most poignant Remembrance Day service to which I had been invited by the secretary of the Old Rode Fenians. The welcome given by yourself, your staff and pupils was particularly warm and, as were the dignity and respect shown by all throughout the service. I am most appreciative of the effort made on behalf of all concerned.

Your generosity, of spirit, kindness and sympathy are greatly appreciated.

As a former member of staff at Rode Fenian High School, it was a privilege to attend on behalf of my fellow co-workers, colleagues and pupils alike.

Please accept my very sincere thanks. I wish you, your staff and pupils all the very best as you go into the future.

Sincerely,
Steven
