## OPPORTUNITIES

Now in its 22nd year, Recycle Week is Recycle Now's flagship annual event. A celebration of recycling across the nation, galvanising the public to recycling more of the right things, more often. Continuing last year's campaign theme, 'Rescue Me! Recycle', Recycle Week 2025 will run from 22 to 28 September, [watch this space for more information coming soon.](#)

National Parks throughout the United Kingdom are inspiring future generations to embrace incredible landscapes and connect with nature. [Green Pathways](#) - our collection of programmes and learning resources for outdoor educators and youth leaders - is designed to support accessible and inclusive opportunities for young people wherever they live. There are three Green Pathways to explore - Green Shoots, Green Beacons and Green Leaders.

The [virtual work experience programme](#) from DEFRA will introduce you to the Environment Agency in England, and its critical role in creating better places for people and wildlife and supporting sustainable development.

Are you considering going to university, but are not sure how to choose the right course and university for you? The University of East Anglia webinars are live online sessions that include a short presentation, after which you can ask questions via text chat. [Free to join, click here for more.](#)

On Thursday 25<sup>th</sup> September, join Dr Johanna Forster, an environmental social scientist, as she discusses "Coast to Coast - Livelihoods, Gender, Disasters, Environmental Change & Governance - A Social-Ecological Systems Approach". [Register here.](#)

## JOB OF THE WEEK

[Nature Conservationist](#)

Nature conservationists manage and protect the natural environment for current and future generations by promoting sustainability, educating others and shaping policy. You will visit natural sites as part of your fieldwork. Office work includes planning, data analysis, reporting and other admin tasks. Learn more by watching the video.

## LABOUR MARKET INFORMATION FACT

The Labour Force Survey (LFS) indicates in April-June 2025, people got 1.5% more work done per hour than before COVID.

This means workers are a bit more productive than before and may be working fewer hours, but getting more done in that time.
