

14 June 2021

Dear Parents/Students

I hope this letter finds you and your families safe and well. We are now in a position to share the sources of evidence that we have used to determine your child's teacher assessed grade.

I would like to begin by thanking you for working with us over the Year 11 assessment process, and your support since the school re-opened on March 8th. Through no fault of their own, this year has presented many challenges, and we all proud of how the students have responded since returning to school.

I would like to reassure you that the evidence to determine a student's grade has been retained safely in school, and there has been an internal and external quality assurance process. Furthermore, as shared in previous letters, assessments that were completed towards the end of the course of study and in supervised conditions have been prioritised when awarding the final grade.

We have included the following information in this email:

- Subject Overview of the sources of evidence that will be used to determine the Teacher Assessed Grade
- The Birkenhead Park School Centre Policy and supporting documentation, this can also be found on our school website.

The school has also considered details of any variations in evidence based on disruption to what a student was taught compared to their peers, and considered any special or mitigating circumstances.

As always, if you have any questions, please do not hesitate to get in touch with either myself or Ms Galer in the first instance.

Finally, may I also take the opportunity to thank you for your support during your child's time at BPS. We had a wonderful last few days in school celebrating their time here, and we wish them every success and happiness in the future

With Best Wishes

Peter Mee
Deputy Headteacher
