

Monday, January 04, 2021

Dear Parents/Carers,

I am writing to provide an update on remote learning arrangements for students in Y7-11. I would like to take this opportunity to thank you for your patience whilst we have been making plans for students to work from home over the next week or two. As arrangements currently stand, students in Y11 will return on Monday 11th January with students in Y7-10 returning on Monday 18th January. As this is a rapidly changing situation, we will provide you with an update if these arrangements change.

All resources for learning will be provided through the Google Classrooms set up for all students in Y7-11 at the beginning of the academic year. If your child has not yet logged into their classrooms, the most up to date codes can be found on the school website under the remote learning tab, with additional guidance on how to join. Students will follow the timetables published on the reverse of this letter and a subject specialist will be available through the Google Meet function in the classroom during the scheduled times. This will enable all students to access additional support should any be required.

Where possible, students are expected to submit work through the assignments set in the classroom. Where students are unable to upload electronic copies of their work, they can take photographs of their handwritten work and submit it instead. Submitting work online at the end of a scheduled lesson will allow staff to offer timely support should it be necessary, as well as track student progress through the curriculum. In some instances, students may be directed to other platforms in order to submit work. Information regarding this will be available through the Google Classroom.

Should your child need support with IT equipment, please contact me at school at the earliest available opportunity. We do have a limited supply of equipment available so it will be allocated on a first come first served basis for eligible students. Thank you to those parents/carers who have submitted requests today. Once the equipment has been set up for use, you will be contacted to arrange collection. Equipment will be provided on a short term loan with students being expected to return it to school when they return in person.

Thank you again for your support and patience at this time. Should you have any queries that are not covered by this letter, please email us on [generalenquiries@unity.fcat.org.uk](mailto:generalenquiries@unity.fcat.org.uk) and we will respond. If your query is subject specific, please contact us using the relevant subject email address which is available on the academy website.

Yours sincerely,

Mrs T Shaw  
Assistant Headteacher for Quality of Education
