

## Unity Mathematics department.

### Year 11

Your class teachers will set you individual tasks on Hegarty maths. Seneca can also be used for revision. You are doing Edexcel.

GCSE Pod have made the AchieveMaths2020 which is 12 modules that will allow you to revise by listening to the pod cast and completing the booklet.

Seneca classroom for foundation is **q1mbrflw9f**

The Working towards passport contains relevant Hegarty video clip numbers. Login to your hegarty account and in the search bar key in the video clip number. Use the passport to check your progress.

The foundation pass can be used if you are aiming for a grade 4. The passport contains relevant Hegarty video clip numbers. Login to your Hegarty account and in the search bar key in the video clip number. Use the passport to check your progress.

The strong foundation pass can be used if you are aiming for a grade 5. The passport contains relevant Hegarty video clip numbers. Login to your Hegarty account and in the search bar key in the video clip number. Use the passport to check your progress.

The Revision guide aiming for a grade 5 can be completed in your reflection log. If you are stuck you can look on hegarty maths for clips to help you.

You can complete past papers online at [onmaths.co.uk](http://onmaths.co.uk). This will mark your paper as you go along and give you feedback.

#There are some past papers available in this folder.
