Internet Research

Using a search engine such as Google or KidRex, research as much information as you can about your favourite animal.

Fill in the sheet provided (page 15).

Now using the information you have found, create a fact file, remember to include pictures.

Activity 1: Create your own board game. (See page 14 for some ideas)

Activity 2: Design your own pair of shoes, that Mr Botte could put in his shoe shop.

Activity 3: Complete the Pinwheel activity on page 16 and 17.

If you need to speak to Miss Gleadell or Miss Hazlewood please email us on yr3teacher@unity.fact.org.uk

We look forward to seeing your work either by email or on twitter @Miss_Gleadell @Miss_Hazlewood or @UnityPhase2.

Rainbow in a Jar

You will need:

- Skittles
- Glass jar (or glass)
- 5 separate cups
- Water
- Pipette or syringe
- Mug

1. Separate the Skittles into the cups in these amounts: 2 red, 4 orange, 6 yellow, 8 green, and 10 purple.
2. Heat a mug of water in the microwave for a minute and a half (or long enough that the water is hot - but not boiling).
3. Measure and pour two tablespoons of hot water into each cup on top of the Skittles.
4. Stir each cup then leave to cool completely, stirring every so often.
5. Using the pipette or syringe, carefully add the colours to the jar (starting with the purple and working up). Slowly squirt the liquid down the side of the jar to add it so the colours don't mix.

THE SCIENCE

Skittles are mostly made of sugar. When you add hot water to them, the sugar dissolves and the colouring on the shell of the Skittles turns the water different colours. The cup with only two red Skittles doesn't have as much sugar as the cup with ten purple Skittles but they both have the same amount of water. The amount of matter packed into a certain amount of space causes density. The red water is less dense than the purple water so it will float on top.

Choose a search engine like Google or a child-friendly search like Kidrex to search for some information about your favourite animal.

1. Change the order of the words you have used to search the information and see what different results are returned. E.g. Change 'Furry Red Panda' to 'Red Furry Panda'
2. Carefully choose one or two links to have a look at.
Bookmark or Favourite the pages you have chosen.

Write down the addresses of the pages you have looked at:

Explain why you think those pages have been ranked so highly:

You will need:

- Pinwheel template
- Scissors
- Colouring pens or pencils
- Drawing pin
- Wooden dowel (approximately 30cm long)
- Sticky tack

What to do:

- Colour in the pinwheel template on both sides.
- Cut out the pinwheel template along the dotted lines.
- Fold the small circles at the ends of the sails in to meet the small circle at the centre of the pinwheel.
- Carefully push the drawing pin through all the small circles at the centre.
- Place the dowel behind the pinwheel and push the drawing pin into the dowel to secure the pinwheel to its handle. Don't push the drawing pin in too tightly, or the pinwheel won't spin.
- Check the back of the dowel to ensure the sharp end of the drawing pin is not sticking out. Place some sticky tack over it if it is.

Now test your pinwheel outside on a windy day!
