

POP KEYWORDS

Roy Lichtenstein was a Pop artist who painted comic art related images in bold, strong colours. Many of his images included short words written in a bold lettering style.

YOUR TASK

Create a piece of artwork that represents a keyword in the Pop art style.

On your paper, draw out the word in large lettering.

Behind the word, draw a large shape – star, bubble, cloud, jagged.

Behind the first shape, draw another.

Add other small shapes if you wish.

Colour your picture – solid colours or patterned.

Examples

REMEMBER:

Your work should be bold and eye-catching.

Outline all lines in black to make them stand out.
