

# UNSWORTH ACADEMY

Friday 12<sup>th</sup> June 2026

Dear Parents/Carers,

I hope you have all had a great week and have managed to keep your spirits up during this terrible weather we've been having. At Unsworth this week, learners have had assemblies from our Geography team all about World Environment Day and the impact of climate change. It is such an important topic and hopefully it has sparked some conversations at home too.

Our Year 11 learners are finally coming to the end of their exam period with the last full year group exam, Physics, scheduled for Monday morning. We have been really proud of the way our Year 11s have approached the exam season, which always bring lots of challenges, but generally we have found learners to be optimistic, resilient and focused throughout. We have sent a separate communication to Year 11 parents/carers around with details about final leaving arrangements.

As Year 11 exams come to an end, the internal exams for years 7-10 are set to begin, and it has been great to see learners preparing in readiness for these assessments. This year, due to the sportshall refurbishments I mentioned in last week's video, the exams for years 7-10 will take place in classrooms. We have communicated with learners regarding exam expectations; please can you support us with follow up conversations at home and help us to ensure that all learners bring the correct equipment for their exams. In terms of the implications around PE kit and changing once the renovation work begins, please see additional letter attached.

**Library book amnesty!** Last week we welcomed back our fabulous librarian Mrs Cohen from maternity leave, we have lots of library books currently loaned out, and she asks if parents/carers and learners can please check at home for any books and make sure they are returned to the library.

Information about the end of year trips are in the process of being shared with parents and carers, please check this carefully and let us know if you have any queries. These trips are a lovely way to the end the academic year but also a reward for our learners and the wonderful contributions they make to our school community. That being said, we obviously expect behaviour, attendance and focus in lessons to be excellent. This is because we need to be able to trust that our school expectations are well met if we are to take our learners off site.

Finally, thanks again for the feedback around the mobile phone consultation, we will communicate the outcomes with students on Monday during form time and we will also write to parents and carers on Monday also.

Thanks again for your continued support, I hope you have a lovely weekend and the sun comes out again!

Yours faithfully,

**Mr Stewart**  
**Headteacher**
