

Unsworth Academy Year 10 Work Experience Programme

W/C 28th April 2025

Why Is Work Experience Important?

- Work experience is a fantastic opportunity to gain an introduction into the world of work.
- It develops your employability skills such as communication, teamwork, IT and problem solving. These are just some of the skills that employers look for.
- Gain confidence in your abilities and start to build your CV.
- Helps you to think more clearly about your future career path.

Arranging your placement

- It is up to each of you to research and arrange your own placement. Why?
- This is good practice for entering the world of work. It is also more likely that you will find a placement that you are interested in. Plus, employers prefer to hear from enthusiastic students rather than parents or school staff!
- If you are actively looking for a placement and struggling to find something, speak to your form tutor at your earliest convenience – don't leave it until the last minute!

Self-Placing Tips

- Use the internet to find employers in the local area. Email, telephone or visit employers in person to make an enquiry.
- Ask family and friends if they are aware of any companies willing offer a placement.
- Social media – X (Twitter), Facebook, LinkedIn – follow companies on social media to see if they are offering placements.
- Use the Tailored Education database.

When a Placement has been confirmed

- Once a placement has been found, the information MUST be input onto the Microsoft Form. The link to the form is in the parent letter that will be emailed to you and to parents/carers, and below.

<https://forms.office.com/e/4uJD3m5rJu>

- When this is completed and sent to school. School will contact the employer to confirm the placement and arrange for it to be health and safety checked.
- Should the health and safety checks come back unsatisfactory, a new placement will need to be found.
- During the placement, staff at school will make contact with the employer to make sure everything is going well.
- An evaluation will be completed by each employer and returned to school.

What Next?

- A letter giving all of the information will be emailed to your school email and to parents/carers this week. On the letter there will also be log in details to the Tailored Education database, should you wish to use it.
- The deadline for confirming placements is **Friday 13th December 2024**. This is because a lot of 'behind the scenes' work must be done before each placement can be confirmed
- We strongly advise that you 'get on it' straight away! Remember the earlier you start, the better your chances of finding a placement you are keen to go to.
- Remember to ask your form mentor for help if you are having genuine difficulties finding a placement.
