Ski Lessons

Skiing in the mountains will be an unforgettable experience.

The safety of all members of the group is our no.1 priority. The following rules are non negotiable and they are set out to ensure your safety:

When skiing, helmets, goggles and gloves MUST be worn.

Never change groups unless told to do so by an instructor.

You are only allowed to ski with your instructor. YOU MUST NOT GO OFF ON YOUR OWN.

Instructors are experts and know how to help improve your technique. Always listen to their advice, even when you think you have learnt everything.

Reckless skiing is dangerous to yourself and others. You must not ski in a reckless manner. Should you cause an accident you may find yourself at the centre of a legal claim for which you are not insured.
