Centre Policy for determining teacher assessed grades in Summer 2021

Background

Every centre is required to create a Centre Policy that reflects its individual circumstances. It is anticipated that you may choose to adopt this pre-populated template in full. Or you may choose to make amendments – adding or deleting material – to reflect your own practices. In any case, centres must understand and actively implement the centre policy adopted, although this template is provided for information and does not constitute legal advice.

Your policy must take account of the guidance provided in the document: *JCQ Guidance on the determination of grades for A/AS Levels and GCSEs for summer 2021*

Centre Policy for determining teacher assessed grades – summer 2021: Unsworth Academy

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals. Where this is not possible due to work already having been returned to students, a note of this will be made by the teacher and a copy of the assessment will be made available for quality assurance purposes.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Students who use alternate pieces of work will be identified on the assessment record, along with rationale for this.*
- *SLT links will regularly meet Middle Leaders to quality assure the process across departments.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be the SLT link for the Curriculum area.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*
- *Shaw Education Trust (SET) Regional Team will quality assure grades allocated and the standardisation and moderation processes undertaken. The section below is from the SET Summer TAG and Appeals Policy 2021:*

14. School/SET Quality Assurance

Schools are to design a rigorous quality assurance process to be agreed with their Regional Lead prior to requiring teachers to allocate grades to students.

Schools should consider:

- What assessment materials will be used and how to ensure consistent use across all staff in a subject.
- How assessments differ between subjects and to ensure a coherent set of results for individuals.
- Where results are expected to be markedly different to prior years, how these stand up to scrutiny. Is additional evidence and moderation required?
- Support given to Heads of Department to moderate grades across multiple teachers. What processes are in place for lone subject teachers?
- The evidence and checks middle leaders will use across their teams?
- How middle leaders will take into account access arrangements and issues which could affect a student's performance.

SET Regional Teams will quality assure grades allocated and moderation processes undertaken.

- Quality Assurance will include:
 - An explanation of guidance, documentation and support issued to Middle Leaders and Teachers to support them in allocating TAGs including a clear timeline of the schools own QA processes.
 - Evidence showing that middle leaders and teachers have undertaken moderation effectively.
 - Checks on the outline of evidence that has been used to determine the teacher assessed grades in subject areas.
 - Evidence that all subjects have had their data checked by a senior leader. Details of any issues identified and what was done to address these, including any examples of grade challenge that resulted in changes.
 - Are grades in line with previous performance in that subject, if not what is the reason for the change and how rigorous is the evidence supporting this and how do allocated grades compare to targets?
 - Have there been any concerns across subjects or for key students? What are they and how are you dealing with these? How has the school supported the most disadvantaged and SEND students to demonstrate their ability? Rationale on any major performance trend differences for cohorts of students or subjects.
 - How students who qualify for special consideration and/or exam concessions have been allocated grades, including how support has been provided for individual assessed pieces.
 - Evidence of parental and student communications that clearly explain processes and procedures for grade allocations including which pieces of evidence are to be used in each subject. Follow up regarding students who, for exceptional circumstances, have alternate pieces of evidence used with rationale.

- How schools have ensured that appropriate checks have been made on coursework.
- Discussion of any students achieving U grades or other outlier students.
- Are there any issues or queries which you need to raise with SET?

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will include grades from international GCSEs (for example, in mathematics) because we have previously offered these.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will omit subjects that we no longer offer from the historical data.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.

These will include:

- *Mock examination held under formal exam conditions*
- *Classroom assessments under teacher supervision*
- *Evidence submitted during lockdown via Microsoft TEAMS under teacher supervision.*
- *For submission of evidence where the level of control is Low, ie Homework, the thorough internal quality assurance processes in place will identify evidence not thought to be authentic.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations (AQA, Edexcel, WJEC, OCR) to support these determinations of authenticity.*

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

- *failure to keep appropriate records of decisions made and teacher assessed grades.*

- *The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.*

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

- *We will also carefully consider the need if to separate duties and personnel to ensure fairness in later process reviews and appeals.*

Private candidates

This section of our Centre Policy outlines our approach to working with Private Candidates to arrive at appropriate grades.

A. Private Candidates

This section details our approach to providing and quality assuring grades to Private Candidates.

- *Our arrangements for assessing Private Candidates to arrive at appropriate grades are identical to the approaches utilised for internal candidates.*
- *Private candidates will make a written declaration on the authenticity of the work that they have submitted.*
- *Where it has been necessary to utilise different approaches, the **JCQ Guidance on Private Candidates** has been followed and any divergences from our approach for internal candidates have been recorded on the appropriate class/student documentation.*
- *In undertaking the review of cohort grades in conjunction with our centre results profiles from previous examined years, the grades determined by our centre for Private Candidates have been excluded from our analysis.*
