"To drive the academic and character development of learners, so that they may shape wider society and the communities they inhabit."

"Character shapes society." abbr.

The above is our vision and raison d'être. We are unashamed in our use of the word drive. Providing the energy to support young people to success is crucial. We recognise this and we are proud of how we do it. We, also, facilitate and nurture to create our unique culture at Unsworth Academy. There are three main principles that underpin our culture:

Individual Ownership

Accountability, self-discipline and a bespoke approach to realise personal potential.

Holistic Development

Academic and character progression are of equal importance.

Community Strength

A school community within a wider community that grows through collective collaboration.

The following six value statements characterise our behaviours. By being a member of the Unsworth Academy community, children and adults commit to these sacrosanct and authentic beliefs:

Be excellent.

All members of our school community aspire to excellence in all that they do.

Be organised.

All members of our school community believe that a foundation of personal organisation is key.

Be resilient.

All members of our school community strive to be resilient when faced with adversity.

Be kind.

All members of our school community show empathy and concern for others.

Be inclusive.
