1. AIMS

The aims of relationships and sex education (RSE) at our school are to:

Provide a framework in which sensitive discussions can take place

Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene

Help pupils develop feelings of self-respect, confidence and empathy

Create a positive culture around issues of sexuality and relationships

Teach pupils the correct vocabulary to describe themselves and their bodies

2. STATUTORY REQUIREMENTS

As a secondary academy school, we must provide RSE to all pupils as per the 'Statutory guidance on relationships education, relationships and sex education (RSE) and health education, 2019'.

At Unsworth Academy, we teach RSE as set out in this policy.

3. POLICY DEVELOPMENT

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all teachers of RSE were given the opportunity to look at the policy and make recommendations
3. Parent and Governors – were invited to review the policy and provide feedback via an online survey
4. Pupil consultation – we investigate what exactly pupils want from their RSE using the School Council and pupil surveys
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. DEFINITION

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. CURRICULUM

Our curriculum is set out as per Appendix 1, but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, considering the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner, so they are fully informed and do not seek answers online.

6. DELIVERY OF RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum; this is facilitated through 1 lesson of PSHE a fortnight and 2 form times per week. Information is then consolidated through form times, which may take place weekly and utilise external services to provide contextual learning. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education.

For more information about our RSE curriculum, see Appendices 1 and 2.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families

- Respectful relationships, including friendships

- Online and media

- Being safe

- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, and foster parents/carers amongst other structures). Along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. ROLES AND RESPONSIBILITIES

7.1 The Academy Council

The Academy Council will approve the RSE policy and hold the head teacher to account for its implementation.

7.2 The head teacher

The head teacher is responsible for ensuring that RSE is taught consistently across the school and for managing requests to withdraw pupils from non-statutory] components of RSE (see section 8).

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way

- Modelling positive attitudes to RSE

- Monitoring progress

Responding to the needs of individual pupils

Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. PARENTS' RIGHT TO WITHDRAW

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the head teacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The head teacher will discuss the request with parents and respond appropriately.

Alternative work will be given to pupils who are withdrawn from sex education.

Parents are strongly advised to consider this carefully as all lessons are planned to ensure student's well-being is not affected adversely. Research shows that RSE reduces risk of underage pregnancy, teenage pregnancies and the spread of sexually transmitted diseases. School will support any parents who have concerns to ensure an informed decision is made.

9. TRAINING

RSE is delivered by specialist teachers who continue their professional development throughout the year.

Staff are safeguarding trained and will act appropriately if any concerns arise.

10. MONITORING ARRANGEMENTS

Lorna White – PSHE Coordinator, monitors the delivery of RSE:

- Regular drop ins to RSE lessons
- Feedback from staff and students
- Workbook scrutiny
- Annual review of the curriculum content to ensure it is relevant to local context

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

Nicola Power – Deputy Principal, will review this policy with stakeholders annually. At every review, the Head teacher and the Governing body will approve the policy.
