Urmston Primary School

Dear Parents and Carers.

Have a lovely weekend and we'll look forward to seeing you at Parents' Evening next week.

From us all at UPS

RED NOSE DAY!

We've had a day of dance and smiles today and generally trying to feel the music! Thank you to everyone for your donations...they'll no doubt make a big difference

Getting to know our Governing Body...Heather Lindley

'I am a Parent Governor at Urmston Primary School, officially joining the Governing Body in July 2021. I am a town planner by profession, attempting to make our environment a better place to be, but also have an interest in education, helped by my other half being an Assistant Head at a school in Salford. My two children (currently 5 and 6) both attend Urmston Primary.

When applying for the role as a Parent Governor, I was particularly keen to explore the school's overarching vision and values to ensure children are 'empowered to be more', and have the opportunity to delve deeper into what this means for our children, and how the school is seeking to achieve these goals.

My role as Parent Governor is to sit on the Standards and Curriculum and Communications and Personnel sub-committees, and I am the Link Governor for music within the school, a subject which I am particularly passionate about. As Governors, we are really encouraged to raise questions on key topics presented at committee meetings, and in doing so we witness the dedication of all staff at the school, and all of the hard work going on behind the scenes.'

Greenfield's Easter Bazaar!

Just a heads up— keep an eye out for details of Greenfield Church's Easter Bazaar on Friday 31 March. It's from 5:30p-7:30pm, and it's all completely free. There'll be all kinds of craft activities related (perhaps rather loosely!) to Easter, which people will be able to take home with them. More details to follow closer to the time!

PTA Mothers' Day Sale...

As always, thank you to our PTA volunteers for organising the sale...a real logistical challenge but fully worth it!

Strike Action

Thank you everyone for your patience and understanding over the last few weeks...let's hope we see some results and some change for the fantastic work that our staff do here and across the country.

NEURODIVERSITY WEEK...

Although it's been a short week, we've certainly continued to make the point that there are so many strengths that we have as individuals and the world needs brains of all types! We're not there yet, but society is getting there...
