

Usworth Colliery Primary School – Geography Aspirations

To be a Geographer, I...

I can use a range of maps, follow directional language, compass points and locate places using 6 figure grid references.	I can develop a sense of place, compare where I live in relation to the rest of the world.	I can describe physical and human features and explain how places have changed and why.	I am curious about the world around me and respect the different people who live there.	I can use fieldwork skills to follow an enquiry question, explore my surroundings and collect data in the form of drawings, pictograms, tally cart, venn diagrams and present information.	I can describe how humans are affecting our planet and the steps we can take to look after it.
