Both my Children love attending the school. Staff are fantastic and approachable

Mikey is the last of my our 3 children to attend Usworth colliery primary school and I've never had any issues with any of them. It's a fantastic school with such lovely caring teachers.

Great school, transitioning well at SLT level with minimal impact on my child. It would be good to see more sports available for the children. for example my child would love to play basketball or netball for the school but these opportunities are not available for her. In all though, terrific school and I am very pleased we took the decision for UCPS for our child. Thank you to all the teachers for all their hard work, it isn't a easy job at all but they are brilliant.

Although there are limits to what help can be received usworth colliery do all they can, they communicate and help with outer resources which is very helpful and puts a parents mind at ease.

I like the school and my child is always happy going to school .for me usworth is the best

Question 17, I'd recommend this school to others but only if the child is a high achiever or doesn't have send

Better communication from school would be better such as newsletter don't always get them till following week and don't keep parents up todote much untill last minute . Certain parents park in school staff car park daily using car park gate entrance into yard and lot of parents walking into school grounds vaping

Homework clubs. A suggestion would be to make sure there are clubs for all the year groups on the same days so that it makes it easier for pick ups as at the minute the only day reception can do clubs there aren't any clubs that day for year 4 :)

I have nothing but praise for all of the staff, my children are very well taken care of and love being at school, every member of staff at that school deserves a pay rise.

Only one option for after school club for reception meaning not all the children can participate. My child was lucky enough to be chosen for mindful colouring but more variety and opportunities for all the children would be a bonus. My child has excelled since starting reception and believe the school has helped her gain confidence

My main concern is discrepancies between teachers, teaching assistants and lunchtime supervisors. This is confusing for the children and they aren't as happy as they were at this school.

I feel some of my concerns about my Child potentially having dyslexia are brushed aside and help is not readily available. Aside from this I think this is a fantastic school and recommend to any parents

My child has had a brilliant primary school life at Usworth Colliery. They will miss it lots when they leave in July. However I know, thanks to Usworth Colliery, they are well prepared for secondary school and will embrace new challenges. The teachers and staff at this school have always been a great support and have given my child lots of wonderful opportunities to learn and grow. Thanks so much for all the hard work you all do. Big thanks to my childs favourite teachers Mrs Barella, Mr Warner and Mrs Swinburn.

No concern for now thank you
