Drawing	Explore mark-making, lines and shapes. Use different tools with increasing control.	Use pencils, crayons, chalk, pastels. Represent observations. Begin shading.	Improve accuracy from observation. Experiment with tone, line, texture, shading, cross-hatching.	Use perspective, proportion, scale. Develop realism and abstract styles. Refine shading for depth and detail.
Painting	Explore colour mixing (primary). Apply paint with hands/brushes.	Mix secondary colours. Control brush sizes.	Mix tertiary colours, tints and shades. Use watercolour/acrylic.	Experiment with techniques (blending, washes, layering, impasto). Use colour for mood and atmosphere.
Sculpture	Explore malleable materials (clay, playdough, junk). Simple joining.	Construct with varied materials. Form simple clay shapes.	Build 3D forms (clay, papier-mâché, junk modeling). Carve, model and add texture.	Create complex 3D forms with armatures and mixed media. Experiment with carving and construction techniques.
Collage	Stick and arrange simple materials. Explore textures.	Select, cut, tear and overlap materials. Simple patterns.	Create textures. Layer and combine textures. Incorporate Mixed media.	Combine mixed media effectively. Use collage for abstract and conceptual work.
Printing	Make simple prints with objects, hands, natural materials.	Create block prints and patterns using natural/man-made objects.	Experiment with relief printing (string, card, foam). Create repeating patterns.	Use block/lino/poly prints. Layer colours and create detailed designs.
Evaluation	Talk about what they made and how it feels.	Share ideas, respond to peers. Use simple artistic vocabulary.	Reflect on techniques and materials. Use vocabulary (texture, shade, perspective).	Critically analyse own/others' work. Use advanced vocabulary confidently.
