4<sup>th</sup> July 2023

Dear Parents,

As you may recall from previous communications, academies can submit two bids each year to the Department for Education's Conditioning and Improvement Fund (CIF).

In the current cycle, Valley submitted two bids and was successful in its roofing bid. This means that over the summer holiday period, work will take place to complete the roofing refurbishment on the Victorian part of the school.

Work will commence on Monday 17<sup>th</sup> July with the erection of scaffolding in order to allow for the roofing work to begin on Monday 24<sup>th</sup> July. The project will run until the end of October but the majority of the work on the playground side of the building will be completed over the summer holidays.

Due to the pressure on the school budget, I can confirm that Valley Primary School has not made any financial contribution to these works with the roofing refurbishment being fully funded through the CIF project.

Yours sincerely,

Mr. S Jackson  
Head Teacher
