

Can I use a map to find and evaluate different locations in my community?

What things makes the area of Shortlands a community?

Does every local community have to have the same things to make is a community?

Your task today is to use Googlemaps to try and locate these places within our community.

1. When you have found it cut it out and place it on the map of Shortlands.
2. Can you write about your thoughts, feelings and reactions when they see that area.

Is the area/building old or new. Is it well kept or a mess?

Is it well known?

Can I use a map to find and evaluate different locations in my community?
