Have any of you ever experienced something like this?  
A lot more parents are having to work from home at the moment. They are busy.

**Questions for discussion:**

- What do you think is the girl's passion?
- Why is Dad so busy?
- Where is her mum?
- What advice would you give to Dad? (before the school talent show scene)
- How do you think the girl is feeling when her Dad waggles his finger on the phone?

## **The Talent Show**

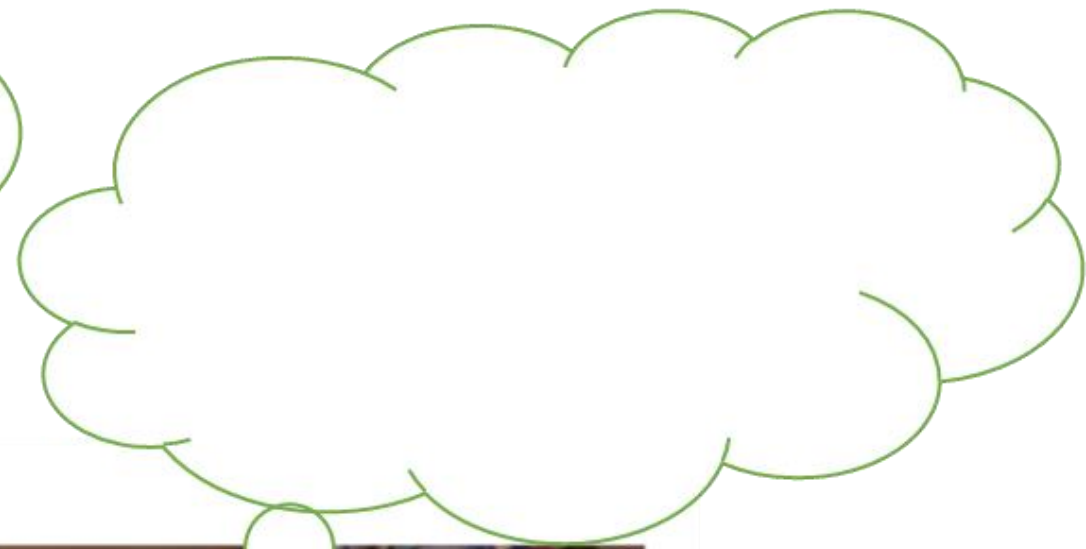

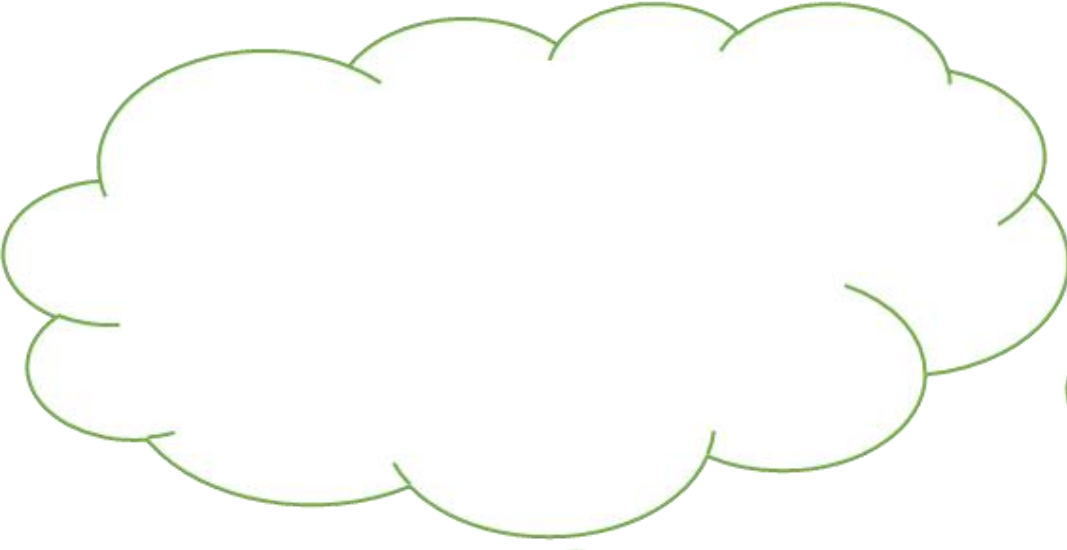

- How does she feel when the curtains open?
- How does Dad feel when he sees her up on the stage?
- Do you think Dad has been paying attention?

**Write thought bubbles for the girl and her Dad in each picture.**
