

Your task for this afternoon is to create a quiz for someone else all about Egypt.

Think about what we have learnt so far:

- How to build a pyramid
- Egyptian Gods
- Mummification process
- the importance of the River Nile
- History of Ancient Sumer

Think about how you might want to present your work.

Maybe it could be a board game or simply some question cards?

Remember, you have to know the answers to your questions. Don't make them too hard!
