

**NEW! Spectacular Science After School Club at Valley Primary School**

**Starting in January for children in KS1 and KS2**

Dear Parents of Valley Primary School,

We are very excited to announce that we will be running a Spectacular Science after-school club at Valley for children in years 1 to 6.

Spectacular Science Club is an after-school club where children can learn more about the wonderful world of science. During each session children are truly engaged with different hands on science experiments including rockets, magnets, slime creations, bath bombs, exploring the planets and lots, lots more. We aim to inspire children of all abilities to have a love of science and broaden their minds, stimulate their natural curiosity and to promote self-confidence and teamwork.

Spectacular Science KS1 Club is for children in years 1 and 2 and will take place on a Tuesday from 3.30-4.45pm starting on Tuesday 14<sup>th</sup> January.

Spectacular Science KS2 Club is for children in years 3-6 and will take place on a Thursday from 3.30-4.45pm starting on Thursday 16<sup>th</sup> January.

Sessions cost £6.50 per child per session and must be paid termly in advance. There will be 10 sessions in the spring term so the total cost will be £65.00 per child.

For how to pay and to sign your child up to Spectacular Science Club please email:

[spectacularsciencesmc@gmail.com](mailto:spectacularsciencesmc@gmail.com)

Stating your child's full name, class, year group and a contact telephone number.

Please note that places are very limited and will be offered on a first come first served basis.

With kind regards

Katie Stother
